Transition Assistance Program

The goal of the Transition Assistance Program (TAP) is to provide information, tools and training to ensure Service members and their Spouses are prepared for the next step in civilian life; whether pursuing additional education, finding a career or starting their own business. Support for TAP is provided by the Military and Family Readiness Program Manager or local installation Military and Family Readiness Center (M&FRC) staff.

Eligibility

The Transition Assistance Program is mandatory of all Service members who have at least 180 continuous days or more on active duty; this includes National Guard and Reserve.

Benefit Highlights

For Service members separating or retiring Transition Assistance Program (TAP) begins no later than 365 days prior to transition. It is recommended retirees begin the transition process at least two years prior to retirement. In the event of separating/retiring less than 365 days, TAP must begin as soon as possible within the remaining period of service.

Overview of the TAP program :

• Individualized initial counseling

Individualized Initial Counseling (IC) between the Service member and a TAP counselor is the official start to the transition process. Service members complete a personal self-assessment and begin the development of their Individual Transition Plan (ITP) to identify their unique needs of the transition process and posttransition goals. Service members are required to provide a copy of their Community College of the Air Force transcripts (if applicable) and a copy of their Verification of Military Education and Training (VMET). The TAP counselor assesses all provided information to determine the members' level of preparedness and assigns the required counseling and services based on the member's needs.

Pre-separation counseling

Pre-separation counseling must begin no later than 365 days prior to transition and covers by-law information including benefits, entitlements and resources for eligible transitioning Service members. Caregivers and Spouses are encouraged to attend pre-separation counseling with their Service member.

The Department of Defense (DoD) Transition Day

DoD Transition Day is mandatory for all transitioning Service members and covers the following topics:

- Managing Your Transition: Emphasizes the importance of preparing for your transition from military service into the civilian sector and provides an overview of the TAP curriculum.
- Military Occupational Code Crosswalk: Defines and translates military skills, training, and experience into credentialing appropriate for civilian jobs.

- Financial Planning: Helps Service members understand how transition will impact their financial situation and provides the tools and resources for a successful financial transition.
- **VA Benefits and Services** Led by VA Benefits Advisors, this mandatory course helps people understand how to navigate VA and the benefits and services they have earned through their military career. The course offers interactive exercises, real examples, and covers topics such as family support, disability compensation, education, and health care benefits.
- Department of Labor

The Department of Labor (DOL) provides a mandatory one-day course on preparation for employment. (Some exemptions apply)

- *Two-Day Tracks*. Transitioning Service members may be required to attend a track, depending on their level of transition preparedness. They may attend more than one based on their ITP and post-transition goals. These include the: DOL Employment Track, DOL Vocational Track, DoD Education Track and the Small Business Administration Entrepreneurship Track.
- Capstone

Capstone is the culminating event where commanders verify a member's TAP compliance, achievement of career readiness standards and ensures the member has a viable ITP. Capstone validates transition preparedness and should be completed no earlier than 12 months and no later than 90 days before separation or release from active duty.

TRANSITION ASSISTANCE PROGRAM

Career Readiness Standards Overview

CRS OVERVIEW

Career Readiness Standards (CRS) are a set of career preparation activities service members must complete to depart from active-duty and be considered "career ready."

The standards provide service members with a clear, comprehensive set of activities to ensure they have the training and skills needed to transition successfully into civilian life.

Completion of CRS activities is mandatory for all service members retiring, separating or being released after 180 days or more of active-duty. Commanders or their designees verify CRS completion during a mandatory event called Capstone.

CAPSTONE CRS VERIFICATION

- No later than 90 days before transition, service members participate in Capstone to verify they meet CRS and ensure they have a viable Individual Transition Plan (ITP).
- If a service member does not meet CRS or present a viable ITP, they will be provided further assistance through a "warm handover" to a relevant partnering agency.

eBenefits

Fact Sheet

What is eBenefits?

eBenefits is a joint VA/DoD web portal that provides resources and self-service capabilities to Veterans, Service members, and their families to research, access and manage their VA and military benefits and personal information. eBenefits uses secure credentials to allow access to personal information and gives users the ability to perform numerous self-service functions. It also provides a list of links to other sites that provide information about military and Veteran benefits. It is an essential way for Veterans, Service members, and their families to receive access to and service from VA and DoD.

What can I do in eBenefits?

Some of the features within eBenefits allow Veterans and Service members to access official military personnel documents, view the status of their disability compensation claim, transfer entitlement of Post-9/11 GI Bill to eligible dependents (Service members only), and register for and update direct deposit information for certain benefits. For a full list of features, see the reverse side of this fact sheet. New features are being added regularly.

How do I access eBenefits?

eBenefits is located at **www.ebenefits.va.gov**. Before you are able to use the system you must register for an eBenefits account. You can choose from two levels of registration, Basic and Premium. To be able to register for an eBenefits account, you must be listed in the Defense Enrollment Eligibility Reporting System (DEERS) and first obtain a DoD Self Service (DS) Logon. Note: If you attempt to register and are informed you have no DEERS record, VA will first need to verify your military service and add you to DEERS. This is most likely for Veterans who served prior to 1982. Individuals should contact a VA Regional Office for assistance in being added to DEERS.

What is a DS Logon?

A DS Logon is an secure identity (username and password) that is used by various DoD and VA websites, including eBenefits. If you are already registered in DEERS, you are eligible for a DS Logon. Once you have a DS Logon, it's valid for the rest of your life.

How do I register for an eBenefits account?

You can register for an eBenefits account online using the eBenefits DS Logon Account Registration Wizard. There are two types of registration, Basic and Premium. You will be walked through a series of questions to assist you in obtaining a Premium eBenefits Account, which gives you the highest level of access to eBenefits features. With a Premium Account you can view personal data about yourself in VA and DoD systems, apply for benefits online, check the status of your claims, update your address records, and more. To get a Premium eBenefits Account, you must verify your identity.

Many people will be able to verify their identity online by answering a few security questions. Service members may verify their identity online by using their Common Access Card. Military retirees may verify their identity online using their Defense Finance and Accounting Service (DFAS) Logon. For those unable to verify their identity online, you will instantly receive a Basic Account. A Basic eBenefits Account lets you customize the site and access information you enter into eBenefits yourself; however, you cannot see your personal information in VA or DoD systems. However, there are other options available to you. Veterans in receipt of VA benefits via direct deposit may have their identity verified by calling 1-800-827-1000 and selecting option 7. My Health**e**Vet users may use their secure My Health**e**Vet identity to obtain an eBenefits account. Others may need to visit a VA Regional Office or TriCare Service Center to have their identities verified in person.

VOTING ASSISTANCE INFORMATION FOR PCSing, SEPARATING/RETIRING, AND DEPLOYING PERSONNEL

Your Installation Voter Assistance Office is here to help you exercise the very right you protect—your right to vote! We can help you register to vote, request an absentee ballot and notify your local election officials back home of a change of address. The information below is provided for you as you get ready to transition and are thinking of what you must do before and after you make that change in assignment, deploy or separate/retire.

Federal Post Card Application (FPCA): The FPCA can be used to register to vote while simultaneously requesting an absentee ballot. It can also be used to submit a change of address to your local election officials. You can now go online to https://www.fvap.gov/fpca- privacy-notice and use the FPCA Wizard that will help you register, request your absentee ballot and/or change your address while providing you with all of your state-specific information and requirements to vote!

Federal Write-In Absentee Ballot (FWAB): The FWAB can be used as a backup in case you have already registered to vote or sent in an FPCA to both register and request your absentee ballot, but you have not yet received your absentee ballot from your State. Like the FPCA, you can go online to fill in the FWAB at https://www.fvap.gov/fwab-privacy-notice and use the FWAB Wizard that will help you to vote in Federal elections, even filling in your candidate choices based on your State of residence!

Both the FPCA and FWAB Wizards will provide you with a filled in form. All you have to do is print, sign and date it, and return it to your election official via the directions provided (some States allow you to fax, and/or e-mail your signed form if you "PDF" and scan it to your computer).

National Mail Voter Registration Form (NVRF): If you are separating/retiring, you'll need to advise your local election official (LEO) that you will no longer be considered a military voter. The NVRF (or your state voter registration form) can then be used to notify your LEO of your address change. <u>http://www.fvap.gov/military-voter/</u><u>transition</u>
