

## Military Family Types and DoD Priority

Families select their sponsor type (e.g., Active Duty Military, DoD Civilian) and spouse status (e.g., Active Duty, working, student, seeking employment) when they create an MCC household profile and update it as needed when there are changes. The system uses this information to create a military family type for the household, each of which is associated with a DoD priority. If the family is eligible for multiple services, the system assigns the family the highest DoD priority. The system then uses the assigned DoD priority, along with the request for care date, to determine sequence on the waitlist.

The chart below contains the complete list of all DoD priorities. You can use this chart as a quick reference when speaking to families about the DoD placement process or their specific DoD priority for care.
